OPEN DAYS

We have four open days each year so we are in need of even more volunteers on these days. We have a huge range of volunteering opportunities available.

We hope our form includes everything we can think of however if you feel you have skills or anything you are good at and would like to offer, not listed above, then please provide details.
(Again for Health & Safety reasons please provide details of any medical/physical restrictions you may have.)

Thank you for your offer of help – We very much appreciate all your kind efforts

TETANUS DECLARATION

One of our responsibilities to you is to provide for your health & safety needs whilst you are here with us. Part of this responsibility is we need to ensure you are fully covered by an up to date tetanus inoculation. This is essential for anyone working with animals not just in the event of a serious bite but even the smallest scratch can in extreme cases allow the transmission of tetanus. Please ensure you have had a tetanus inoculation within the last ten years and to keep your inoculations up to date for as long as you remain a volunteer here with us.

I have read the above and declare my tetanus inoculation was carried out on:-
