TETANUS DECLARATION

One of our responsibilities to you is to provide for your Health & Safety needs whilst you are here with us. Part of this responsibility is we need to ensure you are fully covered by an up to date tetanus inoculation. This is essential for anyone working with animals not just in the event of a serious bite but even the smallest scratch can in extreme cases allow the transmission of tetanus. Please ensure you have had a tetanus inoculation within the last ten years and keep your inoculations up to date for as long as you remain a volunteer here with us.

I have read the above and declare my tetanus inoculation was carried out on:
